

koomi:

The franchise and multi-location POS to run your entire business

Why choose Koomi?

- iPad for **\$0 down** (Based on eligibility criteria)
- Fastest POS for quick-service restaurants, coffee shops and food trucks
- Online ordering platform (pick-up and delivery)
- Franchise panel (One platform for all your locations)
- Uber-Eats integration

FROM THIS

TO THAT

Need more than just a cash register?

Build a custom system that's right for you

Franchise Panel

Check all aspects of your locations on one screen and compare them to one another.

Manage Your Inventory Efficiently

Keep track of what's happening in front of the house and stay on top of what needs to be replenished.

Scale Your Restaurants With Features You Only Need

Your POS system is at the center of your business. To help you simplify your day-to-day operations and help you run it better, we integrate with the best-in-class third-party softwares.

Online ordering? Meet Koomi+

Koomi+ is the first online and app ordering platform built directly into Koomi's POS system. No third party apps.

Grow your revenue

up to 30% by taking digital orders with no extra work

Reduce your costs

by collecting payment in advance and reducing call-in orders

Increase orders by 30%

by letting your customers order from your website or mobile app

Koomi's 100% cloud-based order system seamlessly integrates mobile, online and in-person orders – enabling you to easily fulfill and manage all orders in one place.

Uber Eats

Direct integration available

Jeremy L., President

“

We save money, we serve more customers and there's no downtime. The customer service is INCREDIBLE. I don't usually make reviews but Koomi's team is so good that I had to. They are very close to their clientele so I feel safe. Accepting payments is one of our core operations and we need perfect execution.
