

## WHO WE ARE

Little Kids Daycare started in 2002 and has grown into an award-winning childcare center with multiple locations. Owner, Debbie, has a diverse background in working with children and families. This experience has allowed her to implement an enriching curriculum and foster a nurturing environment.

Debbie has found it incredibly rewarding to help others launch their own childcare centers. Working in childcare allowed Debbie to balance her children and career. Since the first center opened, Debbie has opened locations in Waterdown, Vaughan, Burlington, Milton, and Oakville.

She wants to continue to share this knowledge with others, to help others build something that is their own

## OUR CURRICULUM

Each child is competent, capable & rich in potential.

Our curriculum is framed by the teacher, but is child initiated. This allows for collaborations between children & teachers and giving everyone a voice.

It is responsive to the child, thereby allowing teachers to build upon existing interests.

## EXPLORE THE POSSIBILITIES

## THE LITTLE KIDS DIFFERENCE

Our philosophies of care focus on the whole child.

In keeping with this philosophy, Little Kids Daycare provides programs that help children develop a love for learning, independence, self-control, and the ability to interact positively with others. We recognize that each child is unique, and we provide a comfortable, safe, and nurturing environment where children will be stimulated to develop social, physical, emotional, and intellectual skills. Our programs focus on developing well-rounded, secure, and self-confident children, while having fun and making new friends.

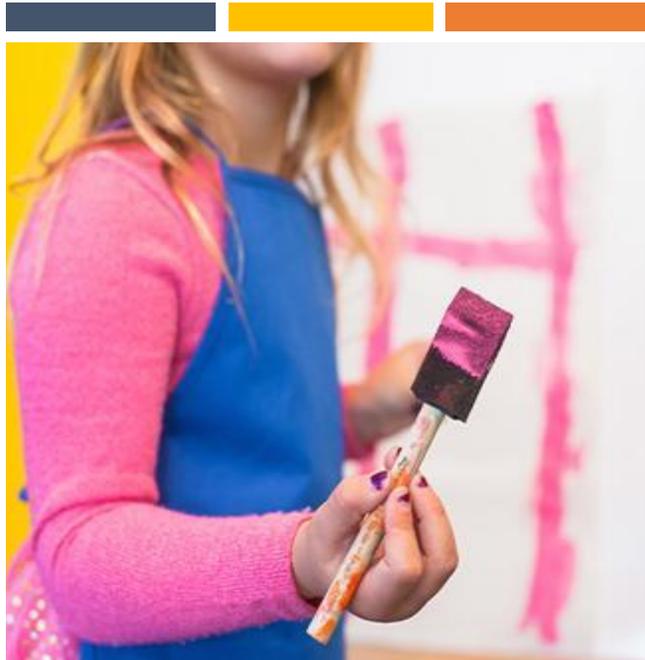

We also to our best to engage our parents in as much as the programming as we can.

## MINISTRY LICENSING

Obtaining a ministry license to open a licensed daycare center is a long and rigorous process. We have done it countless times and learned from our obstacles to help you in making the process as smooth as possible.
